Bad breath	<input type="checkbox"/>	<input type="checkbox"/>	
New lumps	<input type="checkbox"/>	<input type="checkbox"/>	
Are you interested in microchipping your pet?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/> Please discuss with me
Are you interested in age specific annual preventative blood work?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/> Please discuss with me

While a comprehensive annual exam can tell us a lot about a pet, many diseases can be subtle and slowly progressing. Just as it does with people, annual blood work allows us to identify and address these conditions much sooner, before the pet shows serious signs of illness. Unless the pet's exam shows something else is needed, current cost is:

- \$73.75 for animals ages 0-7
- \$118.75-\$154.75 for ages 8 and older, depending on what we are screening for

Please specify any other concerns you may have about your pet that you would like to discuss with the doctor.
